**Cone bars and cone signs can provide additional guidance to help drivers, bicyclists and pedestrians safely pass through your temporary work zone.**

## **Tech notes:**

- Cone signs cannot be used in place of larger MUTCD and CA MUTCD signs noted on traffic control plans.
- Reflective cone signs are available for use during hours of darkness.
- Cone signs with custom legends can quickly be made in-house.
- JBC's retractable cone bars are reflectorized for night time use. Orange and white bars are stocked, with other colors available by special order with a 20 piece minimum.
- JBC's retractable cone bars extend from 6ft up to 10 ½ feet.
- Reflectorized collars are sold to upgrade existing day cones or to replace ones damaged in use.
