

CONCRETE AND ASPHALT RENEW

20-600 Concrete Coating (gray)

20-701 Jet Black Asphalt Sealer

Permanent marking paints that remain on streets and sidewalks after they're needed can be a nuisance. Concrete and Asphalt Renew will cover up those marks, helping you avoid the time and expense of using paint stripper. The concrete coating has a similar texture and color to most sidewalks. The jet black coating is asphalt based—identical to standard driveway sealers. Both are quick dry, highly durable, and are compatible with our Z-604 marking machine.

Suggested Uses:

Sidewalks
Driveways
Warehouse floors
Cinder block walls

Packaging:

UPC Number gray	043281008433
UPC Number black	043281008440
Cans per case	12
Shipping weight per case	18 lbs.
Container	20 fluid ounce can
Label weight	17 oz. for gray, 16 oz. for black
Shipping Classification	Consumer Commodity, ORM-D, UN1950
Hazard Class	2.1

Properties:

Cleanup	Paint or lacquer thinner
Flammability	Flammable
Flash point	-4F
Specific Gravity	0.83
Solids Content	26% gray, 29% black
MIR value	0.60 gray, cannot exceed 0.85 0.70 black, cannot exceed 0.85
Storage Temperature	40-100F
Application Temperature	40-100F
Resin System	V.T. Alkyd (gray), asphalt (black)
Shelf life	Guaranteed for 2 years
Freeze/Thaw	Up to 7 times without harm

Dry Time*:

To touch	15 minutes
Traffic ready	Overnight

At 72F, 50% humidity,
1.5 mil thickness

****Curing/Recoat time is extended with multiple coats and excessively thick coats****

Gloss*: Flat

*as measured on a 60 degree gloss meter

*****Do not warehouse in subfreezing temperatures*****

Other Information:

Yields approximately 250 linear feet per can (4" wide stripe). The paint is traffic ready in 60 minutes. Make stripes 2"-4" wide with our #Z-604 traffic machine. The universal sprayhead also works in competitive marking machines. For marking curbs or walls, it can be actuated by hand or with the Z-608 traffic marking wand.
